

February 2015 Message

Christian Fellowship,

My message for the month of February is about this:

6 ways to help the Pastor.

Someone once said, "Strong teams have an alignment of four leadership domains: **heart, head, hands, and habits**". Here are some ways you can work together with the Pastor and help strengthen our church.

1. *Walk in the Spirit*

- Learn what feeds the flesh and what pleases the Spirit. Gal. 5:16

2. *Be a faithful church member*

- Be involved in activities such as soul winning and giving. Your presence is important to your Pastor.

3. *Respect each other*

- All Christians are servants of God. God made each of us uniquely and He loves each of us unconditionally.

4. *Remember the main thing*

- Instead of focusing on minor things go soul winning. Luke 19:10

5. *Learn the Pastor's heart and reflect it*

- Catch the vision of the Pastor and strive to see it fulfilled. Love what your Pastor loves and want what he wants.

Phil. 2:2 tells us to be like-minded having the same love, being of one accord, of one mind.

6. *Be gracious*

- Have the right spirit. Choose to be forgiving and to have a good attitude, even if you disagree with someone. Eph. 4:32

Amen and Amen,
Pastor Shuler
